

SAVE-T® SAVE-T GUARD SECURITY GATES

• Increase Facility Protection

Manage your environment by protecting sensitive and secure areas from theft, pilfering, and trespassing.

• Improve Work Environment

Save-T Guards allow fresh air to enter the building, creating a more comfortable work environment.

• Heavy-Duty Construction

14 gauge steel construction with gray polyurethane finish handles rigorous day-to-day usage. Includes 1 1/2" x 1 1/2" x 1/8" steel uprights with steel casters and drop pins.

• Applications

Loading docks, warehouses, shipping and receiving doors, personnel entrances, retail stores, and more.

• Mounting Methods

Easily mounts in jamb or on the face of the outside wall. Extension brackets are available for mounting around an existing garage door.

• Quick and Affordable Shipments

Many sizes available to ship within 1-2 days, and most gates are light enough to ship via UPS.

Save-T Guard Folding Security Gates are the most economical solutions for increasing safety, security and productivity.
